

What is the WCER SimLab?

Using Simulation to Transform Professional Learning in Education and Beyond

Tuesday, Dec. 9, 2025 | 10:30–11:30 a.m.
Education Building Room 159 (Wisconsin Idea Room),
1000 Bascom Mall or join virtually: <https://go.wisc.edu/013138>

Join SimLab Director Rob Hubal and the SimLab team to discover how mixed-reality simulations can enhance teaching and learning.

Get an inside look with a live simulation demo, hear about early project collaborations, and learn how educators, researchers, and partners are using simulations to better prepare professionals for challenging situations.

Whether you're curious about mixed reality simulations or looking to collaborate, this session will spark new ideas and possibilities. All are welcome!
